DODGE GRAND CARAVAN

CANADA'S #1-SELLING MINIVAN

It's hard to remember what life was like before satellites bounced 150 TV channels into our homes, meals could be cooked within minutes and the World Wide Web could be accessed in the palm of our hand. It's also hard to remember what life was like before Dodge created the first minivan over 30 years ago. But once built, families flocked. Weekend warriors arrived. Small business owners lined up. Today, Grand Caravan powers forward by offering drivers unlimited versatility and more than 55 standard and available safety and security features. It holds advanced technology, and a bounty of premium features. But most importantly, it carries the confidence of families, their hobbies and their livelihoods.

*All disclaimers and disclosures can be found on the back cover.

- 1** BEST-IN-CLASS** TOWING UP TO 3,600 LB
- 2** AWARD-WINNING 3.6L PENTASTAR™ V6
- 3** CLASS-EXCLUSIVE¹ SUPER STOW 'N GO® SEATING AND STORAGE SYSTEM

Properly secure all cargo.

Blacktop shown in Billet Metallic.

2017 DODGE GRAND CARAVAN

PERFECT:

FOR KIDS, CARGO AND YOUR EXPECTATIONS

When you think minivan, you think flexible seating, tons of storage, cup holders that accommodate juice boxes and available **dual power sliding doors** and **power liftgate**. Grand Caravan takes it one step further with superior craftsmanship, comfort and luxury. We like to think of it as putting the cherry on top of your people-hauling sundae.

Grand Caravan is the only vehicle in its class¹ to offer **Super Stow 'n Go® seating**, which lets you flip, fold and tumble your way to the perfect interior. Premium details include soft-touch surfaces, beautiful chrome accents, steering wheel-mounted cruise and audio controls, and a sleek and functional dash. Opt for conveniences like the **heated front- and second-row seats** and a full-circumference **heated steering wheel** for optimum comfort. The available fully integrated **Super Console** houses four cup holders, two power outlets and a stylish tambour door to hide your devices.

Properly secure all cargo.

Power/media outlets.

Dual glove box with charging port.

Crew interior shown in Light Greystone.

CLASS-EXCLUSIVE¹
STOW 'N' GO[®]

81

DIFFERENT
SEATING CONFIGURATIONS

GET READY FOR A WHOLE LOT OF STOWING AND GOING // From school drop-off to afternoon golf outings to weekend runs to the home improvement store to amazing road trips, you require a vehicle with an interior that's as flexible as your lifestyle. Thank goodness for Grand Caravan — the only vehicle in its class¹ with second-row Super Stow 'n Go[®]. These seats fold into the floor to give you flexibility, easy access and a flat load floor for optimum cargo capacity. In fact, there are up to 81 different seating and cargo configurations available on Grand Caravan.

Additional storage is found in second-row in-floor storage bins. When seats are upright, travel essentials can be tucked away for uncluttered access to the third-row seats — making life easier, especially for those helping little ones into child restraint seats.

The 60/40 split-folding Stow 'n Go third-row seats also fold into the floor bin with a few easy pulls on the conveniently numbered straps. When the vehicle is in Park, the seat can flip completely rearward for tailgate seating. It's no wonder Grand Caravan is adored by families everywhere.

ABUNDANT STORAGE SOLUTIONS

Rear in-floor Stow 'n Go storage.

Front seatback cargo net.

Second-row in-floor Super Stow 'n Go storage.

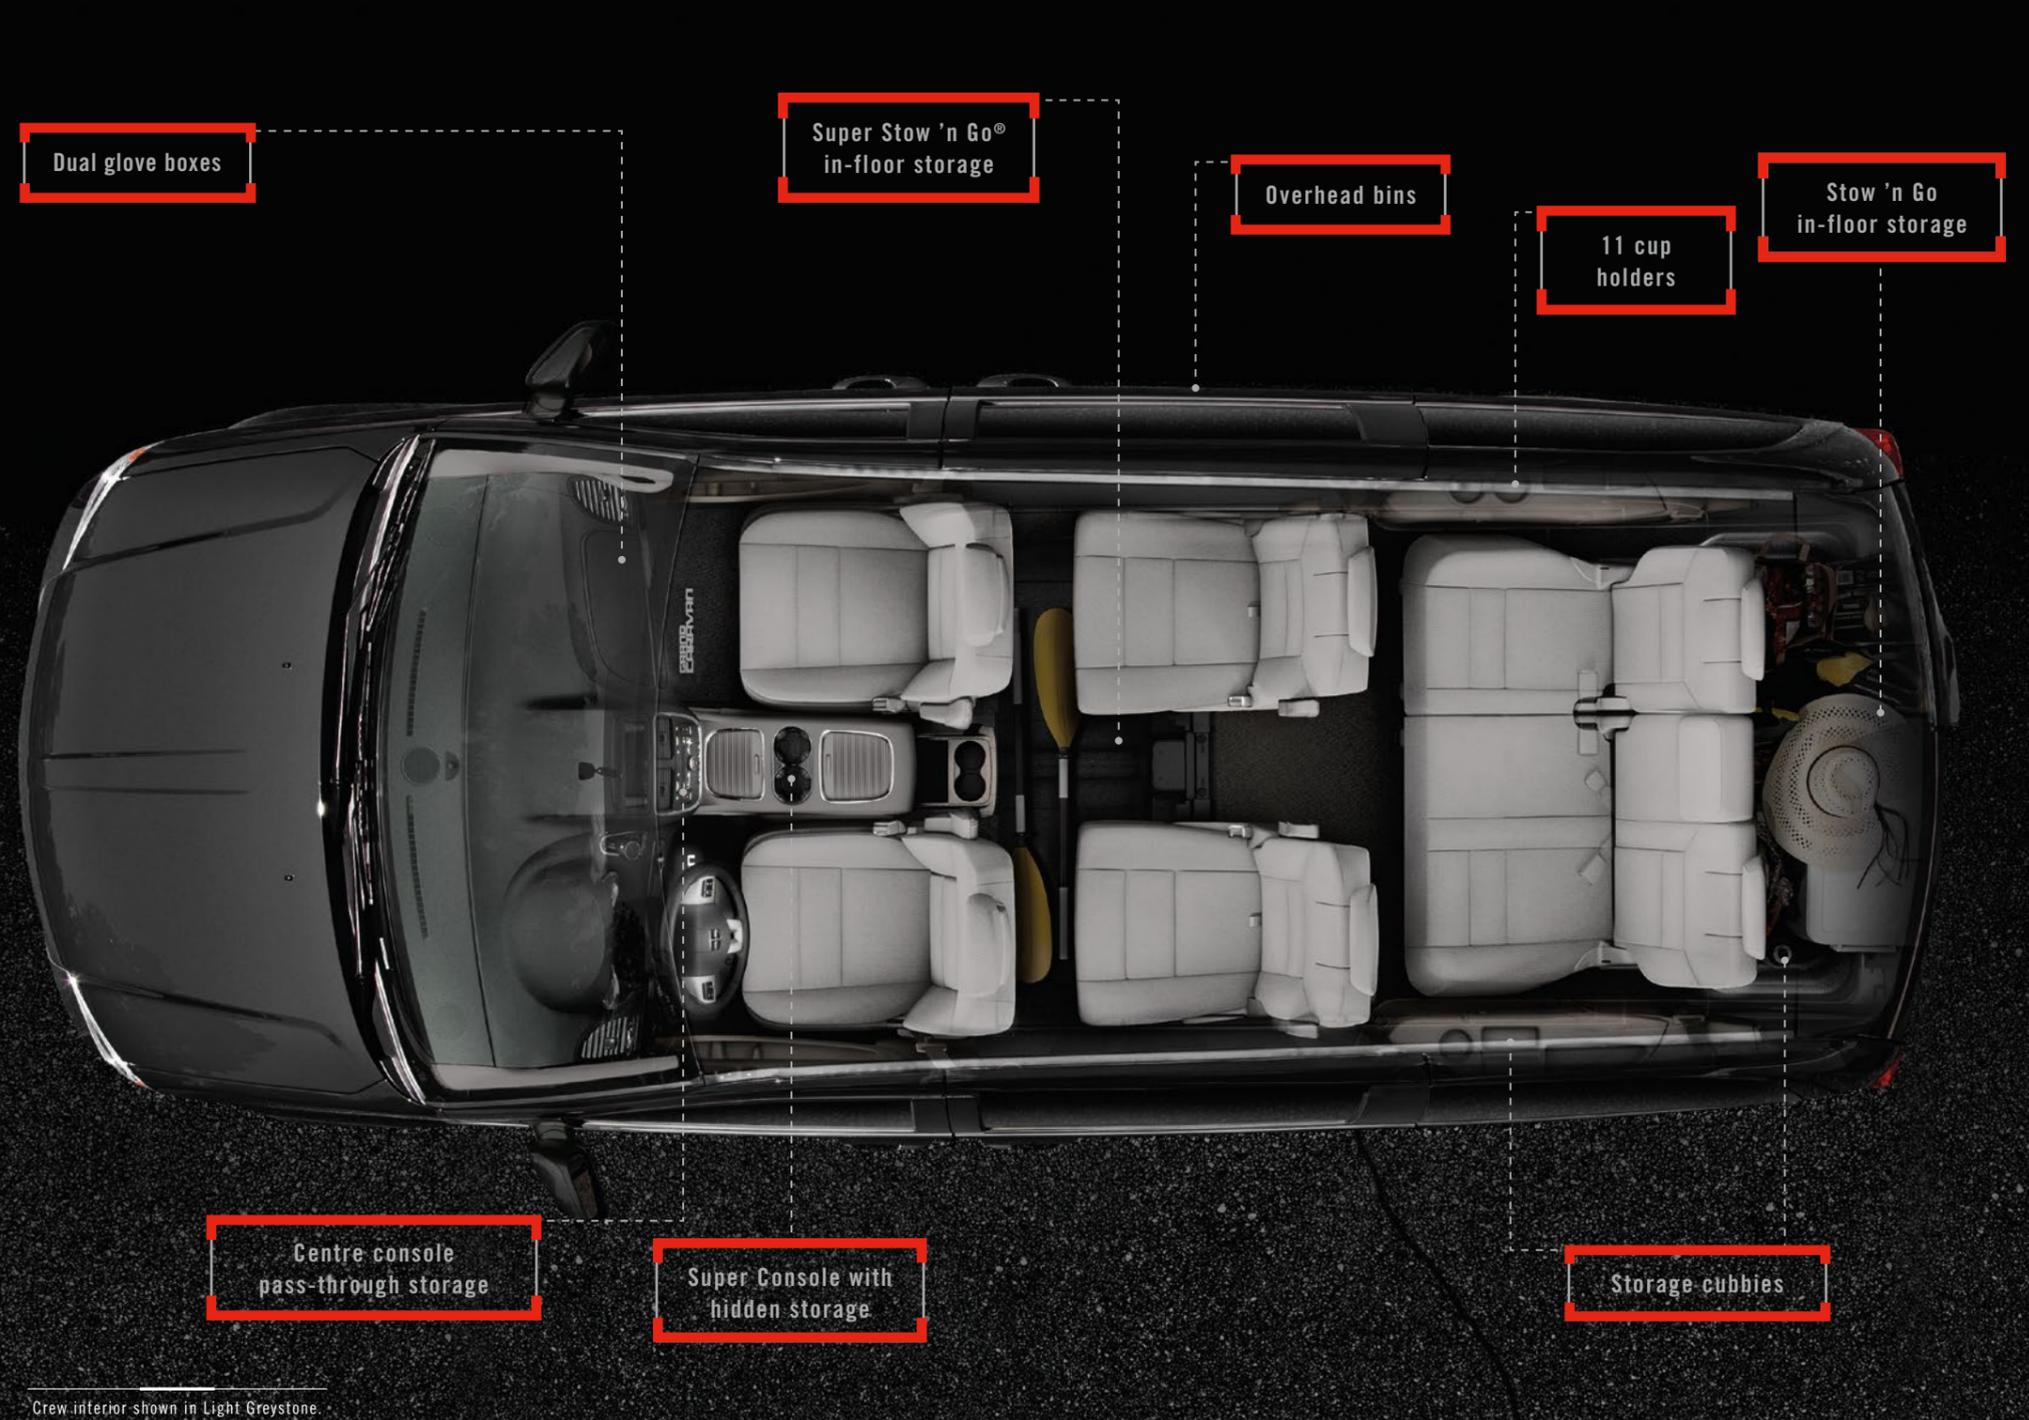

THE MOST CONCEALED STORAGE SPACE IN ITS CLASS¹

No one ever doubted there would be plenty of flexible seating and storage options behind Grand Caravan's available dual power sliding doors, but the truth is, we have the most concealed storage space in the class! Keep the available second-row Super Stow 'n Go® seats up and their bins neatly contain travel gear, while up to four inches of fore/aft adjustment allow for easy access to the third-row seats.

Up front, the available Super Console with hidden storage is perfect for keeping track of small items and is within arm's reach of the driver for easy access.

Properly secure all cargo.

Crew interior shown in Light Greystone.

STAY CONNECTED

EVERY MOMENT

EVERY:DRIVE

RADIO

PHONE

VOICE

NAV

LISTEN

When it comes to accessing your tunes, there are plenty of options. Use the standard auxiliary audio input jack, or opt for the available Bluetooth® with remote USB port to stream audio from compatible devices. Available SiriusXM satellite radio² includes a one-year subscription and features favourite song, artist and game alerts as well as replay.

SEEK

Navigating the world around you is simple when you opt for the available Garmin® navigation³. The system helps locate nearby points of interest and provides user-friendly directions, including lane guidance.

BE ENTERTAINED

There are several levels of available multimedia centres and each one offers essential features to keep you entertained. The available 6.5-inch touchscreen offers easy-to-navigate icons for AM/FM radio and available SiriusXM satellite radio² controls, personal devices like an iPod®, or available navigation and Bluetooth-compatible phones. Available hands-free communication⁴ allows you to use your voice to select AM/FM radio stations and SiriusXM satellite radio² channels, as well as make/receive calls and send/receive text messages with a paired, compatible phone.⁵

Uconnect®

LET THE

GOOD TIMES ROLL

KEEP THE “ARE WE THERE YET” TO A MINIMUM. Regardless of where your travels take you, everyone will appreciate the technology and entertainment inside Grand Caravan.

The available DVD entertainment system with second-row overhead nine-inch screen allows second- and third-row passengers to watch movies in high quality. The system comes with wireless headphones and a remote control.

Grand Caravan models equipped with the DVD system also feature an HDMI input, which can accommodate portable, compatible gaming systems for competitive travel or let passengers tap into the entertainment system. Conveniently located ports let rear-seat passengers charge electronic devices via dual USB ports, a 12-volt auxiliary power outlet and 115-volt two-prong power outlet.

GT interior shown with Black leather-faced seats with Red accent stitching.

CANADA'S **BEST-SELLING⁶ ENGINE**
3.6L PENTASTAR V6

**BEST-IN-CLASS'
TOWING**
1,633 KG (3,600 LB)

**EXCEPTIONAL
HORSEPOWER**
283 HP

AWARD-WINNING* 3.6-LITRE PENTASTAR™ V6 WITH VARIABLE VALVE TIMING (VVT). Grand Caravan's confidence isn't just rooted in its safety and security. It's found in the acceleration of the 283-horsepower, 260 lb-ft of torque 3.6-litre V6 engine. Advanced engine technology allows for a 9.4 L/100 km (30 mpg) highway^{7†} fuel economy rating, which translates to an estimated 800 highway kilometres on a single tank of gas.[‡]

BEST-IN-CLASS' TOWING CAPACITY. Grand Caravan also finds its strength in its ability to tow up to an impressive best-in-class¹ 1,633 kg (3,600 lb). When you're pulling that much weight, it's comforting to know that the standard Trailer Sway Control (TSC) will help you maintain control of the vehicle by using sensors to detect excessive sway and automatically take steps to reduce that sway.

SMOOTH MOVES. The suspension tuning, an efficient gated shifter, and a fuel-economizer feature that optimizes powertrain characteristics work together to maximize overall ride quality and help improve real-world fuel efficiency. For a tighter-tuned ride, choose Grand Caravan GT. The GT model's standard performance suspension produces increased damper tuning and higher spring ratios for an exceptionally smooth ride and optimal cornering.

*WardsAuto "10 Best Engine" winner in 2011, 2012 and 2013.

[†]EnerGuide estimated 13.7 L/100 km (21 mpg) city/9.4 L/100 km (30 mpg) highway. See page 23 for full fuel economy details.

[‡]Driving range based on 2017 EnerGuide highway fuel consumption ratings and fuel tank capacity. Your actual driving range will vary based on powertrain, driving habits and other factors. Use for comparison purposes only.

55+ STANDARD AND AVAILABLE SAFETY / TECHNOLOGY FEATURES

We are proud to say we have more than 55 standard and available safety, security and technology features working hard to keep you and your family secure and protected. Our sophisticated engineering starts with crumple zones and safety cage construction. Grand Caravan also offers Park-Sense® Rear Park Assist⁸ to alert the driver of potential hazards when backing out of a parking space. Opt for the **Safety Sphere Group**, which includes automatic headlamps, Blind-Spot Monitoring (BSM) with Rear Cross-Path Detection⁷ and Park-Sense Rear Park Assist System⁸.

BLIND-SPOT MONITORING (BSM) WITH REAR CROSS-PATH DETECTION⁸ // Dual radar sensors constantly monitor driver blind spots, providing notification of an encroaching vehicle via illuminating icons on the appropriate sideview mirror and by an audible chime if the turn signal is activated. The system includes Rear Cross-Path Detection, which monitors for vehicles/objects in perpendicular relationships to the vehicle while, for example, backing out of tight parking spots.

SEVEN AIR BAGS⁹ // In the event of a collision, side-curtain air bags and front-seat-mounted side air bags deploy, blanketing outboard positions in all three rows of seating. A driver's knee blocker increases driver-impact protection by offering upper leg protection, as well as helping position the driver relative to the front air bag. Advanced multistage front air bags inflate with a force appropriate to the severity of the impact.

ELECTRONIC STABILITY CONTROL (ESC)¹⁰ // In adverse conditions, ESC with electronic Brake Assist works with the advanced All-Speed Traction Control System to help the driver maintain vehicle directional stability and limit oversteering or understeering.

PARK-SENSE REAR PARK ASSIST SYSTEM⁸ // When the vehicle is in Reverse, sensors detect the presence of objects within 1.98 metres (6.5 feet) in the back-up pathway and provide both an audible chime and a visual warning.

TRAILER SWAY CONTROL (TSC) // This system uses sensors to recognize when sway unique to trailering is occurring. The system then corrects the sway by alternately applying brake pressure on the wheels.

ACTIVE FRONT HEAD RESTRAINTS¹¹ // Active front head restraints automatically move forward and upward in the event of a rear-end collision to decrease the space between the head restraint and the occupant's head, helping provide added neck protection for both the driver and front passenger.

PARKVIEW[®] REAR BACK-UP CAMERA⁸ // This system displays an accurate visual reference of what is behind your vehicle when in Reverse. It includes on-screen grid lines to show the proximity of the vehicle to obstacles.

MODELS

WARRANTIES: 2017 Chrysler, Jeep, Dodge and Ram vehicles are backed by a 5-year or 100,000-Kilometre fully transferable Powertrain Limited Warranty* with \$0 deductible plus 24-hour roadside assistance! SRT vehicles are backed by a 3-year or 60,000-kilometre fully transferable Powertrain Limited Warranty* with \$0 deductible plus 24-hour roadside assistance. Basic Warranty coverage is for 3 years or 60,000 kilometres.* Rust-through coverage on all body sheet metal is for 3 years. The Cummins Turbo Diesel engine is protected by a separate Limited Warranty, covering the engine for 5 years or 160,000 kilometres.* The EcoDiesel engine is backed by a 5-Year or 100,000-Kilometre fully transferable Powertrain Limited Warranty* with \$0 deductible plus 24-hour roadside assistance!

*Whichever comes first. Some conditions may apply. The 5-Year/100,000-Kilometre Powertrain Limited Warranty does not apply to vehicles sold for certain commercial uses. See your retailer for full details.

MOPAR VEHICLE PROTECTION®: FCA Canada Inc. has a vested interest in your satisfaction and owner experience with your new vehicle. Mopar Vehicle Protection offers extended service and maintenance plans to help ensure you'll enjoy your vehicle for many years down the road — for just pennies a day. For more information on comprehensive vehicle coverage, see your local Chrysler, Jeep, Dodge and Ram retailer or call 800-465-2001.

DISCLAIMERS: 1 Based on the latest available competitive information for minivans in the *WardsAuto* Small Van segment (Honda Odyssey, Toyota Sienna, Kia Sedona). Excludes other vehicles designed and manufactured by FCA US LLC. 2 Requires SiriusXM radio subscriptions governed by SIRIUS terms and conditions available at siriusxm.ca. 3 Never program while driving. GPS mapping and available 3D navigation may not be detailed or available in all areas or reflect current road regulations. 4 Driving while distracted can result in loss of vehicle control. Only use mobile phones and other devices, even with voice commands, when it is safe to do so. Voice commands of phone require a Bluetooth-compatible phone. 5 Preset voice to text messaging and incoming text message reading requires a MAP enabled phone. 6 Based on IHSMarkit Automotive Canadian New Vehicle Total Registrations from CYE 2011 – 2015 and CYTD July 2016 for all Cars, Light Duty and Medium/Heavy Duty Trucks. 7 Based on 2017 *EnerGuide* fuel consumption ratings. Government of Canada test methods used. Your actual fuel consumption will vary based on driving habits and other factors. Use for comparison purposes only. Ask your retailer for *EnerGuide* information. Miles per gallon (mpg) ratings based on imperial gallon. 8 This is a driver convenience system, not a substitute for active driver involvement. The driver must remain aware of their surroundings and be prepared to take corrective action to avoid collisions. 9 The Advanced Front Air Bags in this vehicle are certified to the federal regulations for Advanced Air Bags. Children 12 years old and younger should always ride buckled up in a rear seat. Infants in rear-facing child restraints should never ride in the front seat of a vehicle with a passenger front air bag. All occupants should always wear their lap and shoulder belts properly. 10 No system can repeal the laws of physics or overcome careless driving actions. Performance is limited by available traction, which snow, ice and other conditions can affect. When the warning lamp flashes, the driver needs to use less throttle and adapt speed and driving behaviour to prevailing road conditions. 11 Always sit properly with the head restraint properly adjusted. Never place anything in front of the head restraint. 12 Not compatible with all garage door openers.
