Being together. Staying connected. Packing in the most fun. Those are the ingredients for the best “remember when” stories. Start your next adventure in a Dodge Journey and make the most of every kilometre. Available 7-passenger seating creates room for everyone. Plenty of technology to keep everyone entertained and dialled-in. An integrated storage system and lots of cargo space let you carry it all with you. Not to mention the power to cut loose that comes from available All-Wheel Drive (AWD) and engine options that are as efficient as they are capable. It’s time to get up and get out; your next epic story begins with Journey.

Dodge Journey

Full-size life at a mid-size price

1. Canada’s most versatile mid-size crossover
2. Numerous storage systems
3. Available 8.4-inch touchscreen
4. FWD/AWD
5. Offers 5- and 7-passenger seating

HANDS-FREE COMMUNICATION

CROSSROAD SHOWN IN REDLINE PEARL

CLASS-EXCLUSIVE 2ND-ROW IN-FLOOR STORAGE BINS

CROSSROAD SHOWN IN BILLET METALLIC

AVAILABLE 5-INCH VIDEO SCREEN

PLENTY OF STORAGE

PROPERLY SECURE ALL CARGO.
From the commute to family to the hobbies you’re passionate about, you give it your all. When you drive a Journey, you get more than a crossover that shares your dedication to the details — you get a partner that helps make it all possible.

It starts with a versatile five- or seven-passenger interior. The combination of rear doors that open 90 degrees and Tilt ‘n Slide® second-row seats makes accessing the available 50/50 split-folding third-row seats easy.

Turn down the standard 60/40 split-folding and reclining second-row seating to quickly transform Journey from a people-mover to a cargo-hauler. There’s up to 1,914 litres (67.6 cu ft) of cargo space inside, which makes hauling a breeze.

Opt for the Class-Exclusive integrated child booster seats® and the available rear-seat video system that includes a 9-inch screen, remote control and two pairs of wireless headphones. Not only will these features keep your most precious cargo secure, they will be happily entertained too.

Properly secure all cargo.
Every adventure requires the right gear, and Journey has the right storage system to keep all of it organized, thanks to an impressive storage system that includes map pockets on the front doors, and a centre console and glove box which also provide excellent locations for out-of-direct-view storage. Two Class-Exclusive second-row in-floor storage bins4 with removable, washable liners each hold up to a dozen 355-mL cans with ice. With latching lids, these bins are also a great place for stowing travel items.

A standard hidden storage bin and access door to the tool-and-jack compartment are located behind the rear seat. When hauling gear is a priority, simply fold down the second- and available third-row seats.
**THE POWER TO CHOOSE**

**CANADA’S BEST-SELLING ENGINE® FOR SIX CONSECUTIVE YEARS: 3.6L PENTASTAR® V6**

283 horsepower, 260 lb-ft of torque and Variable Valve Timing (VVT) serve up a brilliant combination of high torque and impressive fuel economy as efficient as 9.5 L/100 km highway.† You can also opt for All-Wheel Drive, which activates on demand for added traction when needed, and delivers enhanced fuel economy when not engaged. This engine is mated to a smooth-shifting six-speed automatic transmission. Standard on SXT and above.

**2.4L I-4 ENGINE WITH DUAL VVT**

Mated to a four-speed automatic transmission, this smart, highly capable 173-horsepower DOHC I-4 engine features a smart balance of power and fuel economy, as efficient as 9.2 L/100 km highway,† which lets you travel up to 840 highway kilometres on one tank of gas. Standard on CVP and SE Plus.

---

**PRECISION AND CONTROL**

When the weekend’s arrived but the forecast calls for foul weather, there’s no need to change your plans. Journey’s powerful available 3.6L Pentastar® V6 engine and the stability of available All-Wheel Drive (AWD) conquer snowy roads, wet highways and lower-traction terrain. When the AWD system detects wheel slippage, it immediately responds with a transfer of power to the rear wheels for enhanced control and driving dynamics.

Trim levels available with AWD include SXT and Crossroad, and it is standard on GT models. All are equipped with the 3.6L Pentastar V6 engine, Canada’s Best-Selling engine® for six consecutive years.

---

See page 23 for full fuel economy details.
This interior wasn’t simply built — it was crafted. It was thoughtfully designed to give both driver and passenger comfortable seating through available dual-zone temperature control, a view of the road via stadium seating, audio enjoyment through well-placed speakers and an available 8.4-inch touchscreen radio, and so much more. For even more luxury, opt for an available 10-way power driver seat, including four-way power lumbar adjuster, heated front seats and a full-circumference heated steering wheel.
KEEP YOURSELF CONNECTED

Dodge Journey offers a range of multimedia centres, including the available Uconnect® 3 multimedia centre with the largest touchscreen in its class — 8.4 inches. These intuitive systems feature icons for radio controls, smartphone, climate controls and available navigation. Bring your own tunes via remote USB port or available Bluetooth® streaming audio. The USB port can also charge your compatible devices. Available hands-free calling® can be operated through steering wheel-mounted controls or the touchscreen. After touching the Voice Command® button, you can use your voice to manage your phone, radio stations and much more. It's just that simple.

DISTINGUISHED DETAILS

Small details can make big impacts. Steering wheel-mounted buttons offer easy access to cruise and audio controls. The illuminated cup holders add extra pops of colour, while well-tailored touchpoints and premium soft-touch materials add sophistication. When the weather turns chilly, drivers will appreciate the available heated front seats and steering wheel.

INFOTAINMENT AMPLIFIED

With Uconnect, you’ll have entertainment that offers something for everyone. Opt for the available SiriusXM satellite radio®, which includes a one-year subscription, and you get access to over 120 channels. Enjoy instant replay of your favourite tunes and get alerts when your favourite song, artist or team is playing on any SiriusXM channel. Opt for the six-speaker premium sound system with subwoofer and 368-watt amplifier for your optimal audio enjoyment, while the available 115-volt power outlet allows passengers to plug in portable game systems or audio devices.

LARGEST-IN-CLASS

8.4-INCH TOUCHSCREEN®
40+
STANDARD AND AVAILABLE
SAFETY & SECURITY FEATURES

When the vehicle is in Reverse, the sensors can help detect the presence of objects within 1.9 metres (6.2 feet) of the vehicle in the back-up pathway and provide an audible and visual warning to notify the driver. Available.

PARK-SENSE® REAR PARK ASSIST

A warning system in the instrument cluster alerts the driver to any tire with low pressure with displays for each tire’s pressure in the Electronic Vehicle Information Centre (EVIC). Standard.

TIRE PRESSURE MONITORING SYSTEM

Displays an accurate visual reference of what is behind your vehicle when it is in Reverse. Includes grid lines to aid the driver when maneuvering into parking spaces or narrow areas. Standard.

PARKVIEW® REAR BACK-UP CAMERA

When road conditions are not at their best, ESC helps the driver maintain vehicle directional stability and limits oversteer or understeer. ESC includes All-Speed Tracton Control, Brake Assist, Electronic Roll Mitigation and Trailer Sway Control (TSC). Standard.

ELECTRONIC STABILITY CONTROL (ESC)

The active front head restraints automatically move forward and upward in the event of a rear-end collision to decrease the space between the head restraint and the occupant's head, helping provide added neck protection for both the driver and front passenger. Standard.

ACTIVE FRONT HEAD RESTRAINTS

No need to fumble for your keys. Convenient technology detects your approach when you are carrying the key fob and will unkock the door when you pull the handle. Once inside, start the engine by pressing the Start/Stop button while stepping on the brake. Standard.

KEYLESS ENTER 'N GO® WITH PROXIMITY ENTRY AND PUSH-BUTTON START

Four-wheel antilock disc brakes help prevent wheel lockup, offering improved steering control under extreme braking and/or slippery conditions. Standard.

ANTILOCK BRAKE SYSTEM (ABS)

When the vehicle is in Reverse, the sensors can help detect the presence of objects within 1.9 metres (6.2 feet) of the vehicle in the back-up pathway and provide an audible and visual warning to notify the driver. Available.

ABOUT THIS CATALOGUE: Since the time of printing, some of the information you’ll find in this catalogue may have been updated. Ask your retailer for details. Some of the equipment shown or described throughout this catalogue is available at extra cost.

Specifications, descriptions, illustrative materials and all competitive comparisons contained herein are as accurate as known at the time this publication was approved for printing. FCA Canada Inc. reserves the right to make changes at any time without notice and without incurring obligation. For the price of the model with the equipment you desire, or verification of specifications contained herein, see your Chrysler, Jeep, Dodge, Ram and FIAT retailer. Chrysler, Dodge, Jeep, Ram, Mopar, SRT, Journey, Mopar Vehicle Protection, Park-Sense, ParkView, Sentry Key, Tilt ‘n Slide and Uconnect are registered trademarks, and Keyless Enter ‘n Go and Pentastar are trademarks of FCA US LLC. FIAT is a registered trademark of FCA Group Marketing S.p.A., used under licence by FCA US LLC. Bluetooth is a registered trademark of Bluetooth SIG, Inc. Kumho is a registered trademark of Kumho Tire Co., Inc. “SiriusXM” the SiriusXM logo, channel names and logos are trademarks of SiriusXM Radio Inc., and are used under licence. Facebook and logo are trademarks of Facebook, Inc. The Twitter logo is a service mark of Twitter, Inc. iPod is a registered trademark of Apple Inc. Cummins is a registered trademark of Cummins, Inc. ©2019 FCA Canada Inc. All rights reserved.

WARRANTIES: 2019 Chrysler, Jeep, Dodge and Ram vehicles are backed by a 5-year or 100,000-kilometre fully transferable Powertrain Limited Warranty* with $0 deductible plus 24-hour roadside assistance.

MOPAR VEHICLE PROTECTION: FCA Canada Inc. has a vested interest in your satisfaction and owner experience with your new vehicle. Mopar Vehicle Protection offers extended service and maintenance plans to help ensure you’ll enjoy your vehicle for many years down the road — for just pennies a day. For more information on comprehensive vehicle coverage, see your local Chrysler, Jeep, Dodge and Ram retailer or call 800-465-2001.

DISCLAIMERS: 1. Based on the latest available competitive information and WardsAuto Middle Cross Utility segmentation. Excludes other vehicles designed and manufactured by FCA US LLC. Based on availability of I-4 and V6 powertrains, front-wheel drive and all-wheel drive, 5- and 7-passenger seating, second-row removable in-floor storage bins and integrated child booster seats. 2. Based on the latest available competitive information and WardsAuto Middle Cross Utility segmentation. Excludes other vehicles designed and manufactured by FCA US LLC. 3. Driving while distracted can result in loss of vehicle control. Only use mobile phones and other devices, even with voice commands, when it is safe to do so. Voice commands of phone require a Bluetooth-compatible phone. 4. Based on the latest available competitive information and WardsAuto Middle Cross Utility segmentation. 5. Based on IHSMarkit Automotive Canadian New Vehicle Total Registrations for combined years 2013 to CYTD August 2018. 6. Driving range based on 2018 EnerGuide highway fuel consumption ratings and fuel tank capacity. Your actual driving range will vary based on powertrain, driving habits and other factors. Use for comparison purposes only. 7. Never program while driving. GPS mapping and available 3D navigation may not be detailed or available in all areas or reflect current road regulations. 8. Requires SiriusXM radio subscriptions governed by SiriusXM terms and conditions available at siriusxm.ca. 9. No system can repeal the laws of physics or overcome careless driving actions. Performance is limited by available traction, which snow, ice and other conditions can affect. When the warning lamp flashes, the driver needs to use less throttle and adapt speed and driving behaviour to prevailing road conditions. 10. Always sit properly with the head restraint properly adjusted. Never place anything in front of the head restraint. 11. This is a driver convenience system, not a substitute for active driver involvement. The driver must remain aware of his/her surroundings and be prepared to take corrective action to avoid collisions. 12. The Advanced Front Air Bags in this vehicle are certified to the federal regulations for Advanced Air Bags. Children 12 years old and younger should always ride buckled up in a rear seat. Infants in rear-facing child restraints should never ride in the front seat of a vehicle with a passenger front air bag. All occupants should always wear their lap and shoulder belts properly. 13. Integrated booster seats are only for children between 120 and 145 centimetres (47 and 57 inches) in height, weighing between 22 and 38 kilograms (48 and 85 pounds). Always fasten seat belts properly. 14. Not compatible with all garage door openers.
