DODGE **AVENGER** 

Avenger Blacktop.

2014 

**DODGE AVENGER**

*Here's to a bold, athletic profile that says sporty louder than it says sedan. To a display of power that is both responsive and responsible, and to a drive that's made more enjoyable with technology that keeps you connected and on the right path. Here's to Canada's most affordable mid-size sedan<sup>1\*</sup>: Dodge Avenger.*

\*A note about this catalogue: All disclaimers and disclosures can be found on page 11.

## ATTITUDE SETS IT APART

**DESIGNED TO INDULGE.** Don't let Avenger's ranking as the most affordable mid-size sedan in Canada<sup>1</sup> mislead you. Along with exceptional value, Avenger also offers outstanding comfort and craftsmanship with standard features like ambient LED lighting, a press-fit, one-piece dash, premium materials, soft-touch surfaces throughout and a bolstered, supportive seat structure designed to envelop its occupants. Steering wheel-mounted cruise and audio controls, power locks, windows and mirrors, air conditioning and top-of-the-line safety technology like Electronic Stability Control (ESC)<sup>2</sup> and six air bags<sup>3</sup> still don't exhaust the list of standard features. Both driver and passengers are treated to a spacious seating area and cargo capacity is maximized with the 60/40 split-folding rear seat.

**WELL-CONNECTED.** Stay in touch with the people, music and devices that matter most. The available Uconnect™ multimedia centre acts as the central location for your most important media — SiriusXM Satellite Radio<sup>4</sup>, navigation system,<sup>5</sup> and personal devices, such as an iPod® or smartphone. The user-friendly Uconnect system allows you to stay connected, informed, entertained and focused on driving. Opt for the award-winning Garmin® Navigation system,<sup>5</sup> the most recognized name in GPS wayfinding. It features intuitive user interface and navigation with lane guidance you've come to expect from Garmin.

Avenger R/T shown.

Avenger R/T shown.

Avenger SXT shown in Black/Red.

Avenger R/T shown in Billet Metallic.

**BUILT TO HUSTLE.** Designed to deliver power and performance, Avenger offers two formidable engine options: the 2.4L I-4 delivering up to 6.4 L/100 km (44 mpg) highway\* and the award-winning 3.6L Pentastar™ Variable Valve Timing (VVT) V6 with 283 horsepower and up to 6.8 L/100 km (42 mpg) highway.\*

**R/T.** In addition to the standard 3.6L Pentastar VVT V6, increased spring rates, rear stabilizer bar diameter and damping forces of both the front struts and rear shocks give Avenger R/T a performance boost. Its bold exterior digs deeper with unique 18-inch wheels, body-colour grille insert and blacked-out headlamp housings. Racy hood-to-fender stripes and a striking R/T badge hint at its ready-to-pounce attitude. On the inside, Avenger R/T boasts sporty Z-striped cloth-faced seats with Black leather bolsters, a performance-inspired instrument cluster and Red LED lighting. The six-speaker Boston Acoustics® audio system fills the cabin with premium sound.

**BLACKTOP.** It starts with either the Avenger CVP or SXT and adds attitude with a menacing Gloss Black grille, Black headlamp housings, 18-inch Gloss Black aluminum wheels and a body-colour trunk lid spoiler. Available in Billet Metallic, Bright White, Pitch Black, Granite Crystal Metallic or Redline Pearl.

\*See page 11 for full details.

FOR HIGHWAY SAFETY TOP SAFETY PICK+

### SAFETY COMES STANDARD.

ALL SAFETY AND SECURITY FEATURES ON AVENGER COME STANDARD.

**ELECTRONIC STABILITY CONTROL (ESC)**<sup>2</sup> In adverse conditions, ESC and Brake Assist work with an advanced all-speed traction control system to help the driver maintain vehicle directional stability and limit oversteer or understeer. Brake Assist detects conditions when maximum force is needed for optimum stopping power.

**ANTILOCK BRAKE SYSTEM (ABS)**. Standard four-wheel disc antilock brakes afford premium stopping power from state-of-the-art electronics that provide a faster system response. ABS senses and prevents wheel lockup, offering improved steering control under extreme braking and/or slippery conditions.

**ENHANCED ACCIDENT RESPONSE SYSTEM (EARS)**. In the event of air bag deployment, the EARS will cut off fuel to the engine, unlock the doors, flash the hazard lights and turn on the interior lights to allow the vehicle to be more visible and accessible to emergency personnel.

**AIR BAGS**<sup>3</sup> Advanced multistage driver and front-passenger air bags, supplemental side-curtain air bags and supplemental front-seat-mounted side air bags all provide enhanced protection in the event of an impact.

**REACTIVE FRONT HEAD RESTRAINTS**<sup>6</sup> Head restraints automatically move forward and upward in the event of a rear-end collision to decrease the space between the head restraint and the occupant's head, helping to reduce the chance of injury.

**TIRE PRESSURE MONITORING SYSTEM**. A warning light in the instrument cluster on Avenger CVP alerts the driver to tires with high or low pressure. All other models come equipped with a premium system that displays individual tire pressures.

**SENTRY KEY® ANTITHEFT ENGINE IMMOBILIZER**. This standard system prevents vehicle operation by disabling the engine when the encoded key is not present. Operation is automatic, regardless of whether the vehicle is locked or unlocked.

**ABOUT THIS CATALOGUE:** Since the time of printing, some of the information you'll find in this catalogue may have been updated. Ask your retailer for details. Some of the equipment shown or described throughout this catalogue is available at extra cost. Specifications, descriptions, illustrative materials and all competitive comparisons contained herein are as accurate as known at the time this publication was approved for printing. Chrysler Canada Inc. reserves the right to make changes at any time without notice and without incurring obligation. For the price of the model with the equipment you desire, or verification of specifications contained herein, see your Chrysler, Jeep, Dodge, Ram, FIAT and SRT retailer. Facebook and logo are trademarks of Facebook Inc. The Twitter logo is a service mark of Twitter, Inc. © 2013 Chrysler Canada Inc. All rights reserved.

**WARRANTIES:** 2014 Chrysler, Jeep, Dodge and Ram vehicles are backed by a 5-year or 100,000-kilometre fully transferable Powertrain Limited Warranty\* with \$0 deductible plus 24-hour roadside assistance.<sup>1</sup> SRT vehicles are backed by a 3-year or 60,000-kilometre fully transferable Powertrain Limited Warranty\* with \$0 deductible plus 24-hour roadside assistance. Basic Warranty coverage is for 3 years or 60,000 kilometres.\* Rust-through coverage on all body sheet metal is for 3 years. The Cummins® Turbo Diesel engine is protected by a separate Limited Warranty, covering the engine for 5 years or 160,000 kilometres.\* The EcoDiesel engine is backed by a 5-year or 100,000-kilometre fully transferable Powertrain Limited Warranty\* with \$0 deductible plus 24-hour roadside assistance.\*

\*Whichever comes first. Some conditions may apply. † The 5-year/100,000-kilometre Powertrain Limited Warranty does not apply to vehicles sold for certain commercial uses. See your retailer for full details.

**SERVICE CONTRACTS:** Chrysler Canada Inc. has a vested interest in your satisfaction and owner experience with your new vehicle. Chrysler Canada service contracts offer extended service and maintenance plans to help ensure you'll enjoy your vehicle for many years down the road — for just pennies a day. For more information on comprehensive vehicle coverage, see your local Chrysler, Jeep, Dodge and Ram Retailer, call 800-465-2001 or visit chryslercanada.ca/owners

**DISCLAIMERS:** 1 Based on 2013 *Ward's* Upper Middle segmentation. Based on MSRP of base models. Excludes other vehicles designed and manufactured by Chrysler Group LLC. 2 No system can repeal the laws of physics or overcome careless driving actions. Performance is limited by available traction, which snow, ice and other conditions can affect. When the warning lamp flashes, the driver needs to use less throttle and adapt speed and driving behaviour to prevailing road conditions. 3 The advanced front air bags in this vehicle are certified to the federal regulations for advanced air bags. Children 12 years old and younger should always ride buckled up in a rear seat. Infants in rear-facing child restraints should never ride in the front seat of a vehicle with a passenger front air bag. All occupants should always wear their lap and shoulder belts properly. 4 Requires SiriusXM radio subscriptions governed by SIRIUS terms and conditions available at siriusxm.ca 5 Never program while driving. GPS mapping may not be detailed in all areas or reflect current road regulations. 6 Always sit properly with the head restraint properly adjusted. Never place anything in front of the head restraint. 7 Driving while distracted can result in loss of vehicle control. Only use mobile phones and other devices, even with voice commands, when it is safe to do so. Voice commands of phone require a Bluetooth-compatible phone. 8 Not compatible with all garage door openers.

# 100 YEARS OF **DODGE**

One hundred years ago, the first Dodge vehicle was introduced ... and the roads have never been the same since. Dodge was, and still is, a brand that stands for standing out. A brand with the inherent belief that your vehicle should move you in more ways than one. This is Dodge.
